

RUBBER TRACKS FOR **NEW HOLLAND®**

T9 SMARTTRAX **ROW CROP, GENESIS T8** SERIES WITH SMARTTRAX

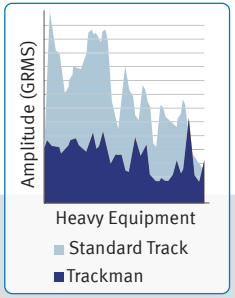

Experience Tougher, Longer-Lasting Tracks with Trackman. Trackman has been the first to market with innovative rubber track concepts for more than 30 years and we continue to deliver groundbreaking innovations resulting in the most rugged track out there. Without question, our track and undercarriage components handle more horsepower and deliver better traction to pull more weight. That means Trackman can take on today's heaviest, most powerful tractors with total confidence.

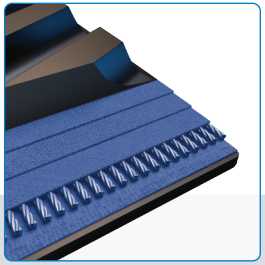

World's Strongest Drive Lugs
ARMORLUG® Ultra is the first patented drive lug with three fabric layers embedded in the lugs. Easily handles today's biggest, most powerful tractors and is designed to take on more. Lasts as much as 30% longer than any other positive-drive track.

Trackman® RowTech™
Features 70% more tread rubber for greater damage resistance and improved ride quality. Built with five layers of MAXXTUFF™ steel belting in the carcass – the highest concentration of steel belting reinforcement in the market.

Up to 70% Reduction in Vibration
Our exclusive Anti-Vibration Technology™ and advanced tread design greatly reduces vibration by as much as 50% to 70% versus standard track. Dramatically improves comfort, especially in heavy-pull operations.

Constructed for Longer Life
Fully molded lugs deliver unsurpassed durability and longevity.
Wire-ply construction with 50% more wires per inch than our competition.

THE TRUSTED SOURCE FOR THE **TOUGHEST TRACK**
