

RUBBER TRACKS FOR VERSATILE DELTATRACK

Experience Tougher, Longer-Lasting Tracks with Trackman.

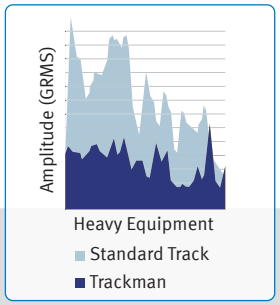

Trackman has been the first to market with innovative rubber track concepts for more than 30 years and we continue to deliver groundbreaking innovations resulting in the most rugged track out there. Without question, our track and undercarriage components handle more horsepower and deliver better traction to pull more weight. That means Trackman can take on today's heaviest, most powerful tractors with total confidence.

Trackman ARMOR T700

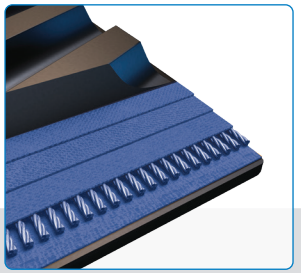

Excellent for all Quadtrac Models. It has been thoroughly field-tested to deliver proven performance in the toughest conditions and outperform any other track of its kind.

Exclusive ARMORLUG® technology extends the life of the track up to 23% more over the competitor's track.

Up to 70% Reduction in Vibration
Our exclusive Anti-Vibration Technology™ and advanced tread design greatly reduces vibration by as much as 50% to 70% versus standard track.

Dramatically improves comfort, especially in heavy-pull operations.

Constructed for Longer Life
Fully molded lugs deliver unsurpassed durability and longevity.

Wire-ply construction with 50% more wires per inch than our competition.

THE TRUSTED SOURCE FOR THE **TOUGHEST TRACK**
