

RUBBER TRACKS FOR **AGCO CHALLENGER®** AND **FENDT®**

CHALLENGER MT700 AND MT800 MODELS | FENDT 1100 VARIO MT

Today's largest, most powerful tractors demand tougher track. That's exactly what Trackman® delivers with groundbreaking innovations that result in the most rugged track in any field. Without question, our track handles substantially more horsepower and delivers better traction to pull more weight. That means Trackman can take on today's heaviest, most powerful tractors with confidence, even in the harshest environments.

Constructed for Longer Life

Fully-molded lugs deliver unsurpassed durability and longevity.

50% more wires per inch means our track is more durable and longer-lasting than the competition.

Exclusive patented galvanized cables offer superior corrosion resistance.

HP Extreme Track

MAXXTUFF™ steel belt reinforcement is the strongest in the market today.

Wider center design means better clean-out.

Engineered with more usable tread rubber for longer life.

20% thicker carcass resists cuts, punctures and other damage.

HP Track

Double the wire dramatically improves track strength.

Stronger carcass reduces internal track temperatures and improves tread lug performance and wear life.

THE TRUSTED SOURCE FOR THE **TOUGHEST TRACK**

 **Trackman**

Trackman. RUBBER TRACK SPECIFICATIONS FOR AGCO CHALLENGER® AND FENDT® TRACTORS
